

Week by week . . .

Let's go "Week by Week" in the Reflector Annual

Most people, as we know, live their lives week by week, from Friday to Friday and all the days in-between. Some times wondering when the next Friday is going to get here and other times wondering where the week went. That is how the school year goes, week by week. "This week I have six tests, two papers to write, and practice every day after school! How can I possibly do all that in one week?" It can be done and it is, almost every week of your high school life. But don't feel alone, everyone has these weeks. These are high school days and they have been this way since high school started. They are not going to change in the near future, so join us as we look at your 1987-1988 school year as you do ... week by week

Faculty and administration

Have you ever thought while you're waiting at your bus stop what your teachers are doing? Most likely they are already in school running off copies of the test you forgot to study for last night. They arrive at school while you are curling your hair or shaving those few proud whiskers, and they don't leave until you are on your second glass of milk and your fifteenth cookie. On those in-service days off, while you are out skiing or walking around the mall, the faculty is still in school working on getting you the best education possible. They are seldom thanked for all of their efforts. But, after students, they are the most important part of a school.

Above: Mr. Bill Ross gets some last-minute adjustments for his Yearbook I.D. picture; **While Below:** Ms. Helen Ditzhazy, Mr. Tom Stobie, and Mr. DuBois enjoy conversation, punch, and cake at the Faculty Christmas Party.

Mr. DuBois applauds efforts of student performers during one of our rare all-school entertainment assemblies.

Sophomores

You can always guess which ones they are. They are the ones who run down the hall worried about whether or not they will make it from the first floor to the third floor before the tardy bell rings. They usually have their homework done before class starts. They stop you in the hall and ask for directions to their next class. They make the cutest "Senior pets," doing anything they can to obtain a Senior friend or buddy. They look forward to their Junior year, when they won't be the "babies" anymore, and dream about the day when they will be the ones graduating. Don't wish it away too fast sophomores, these are the best years of your life, so enjoy them!

coach at JHS: "plagued by errors!"

The Vikings preseason future outlook was thought by many to be one of great success, but that was not so. The season record was 2-7, but the team broke nine records and tied two. This is very good considering the season record. The Vikings accomplished this by never giving up. Even though they could possibly have had a 9-0 record if it wasn't for the number of turnovers.

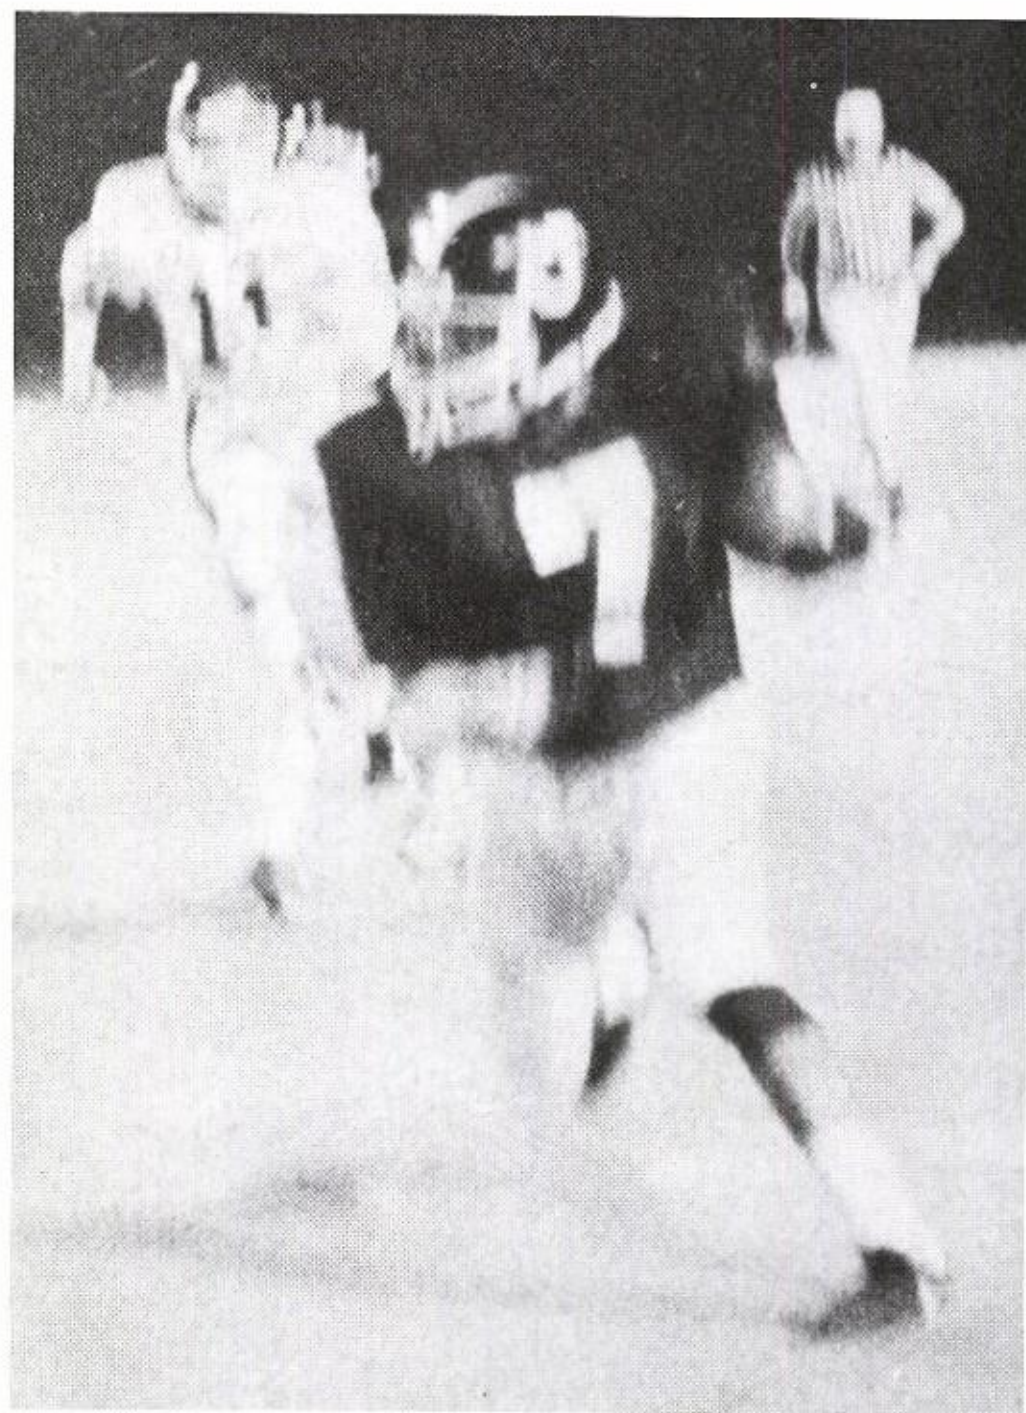

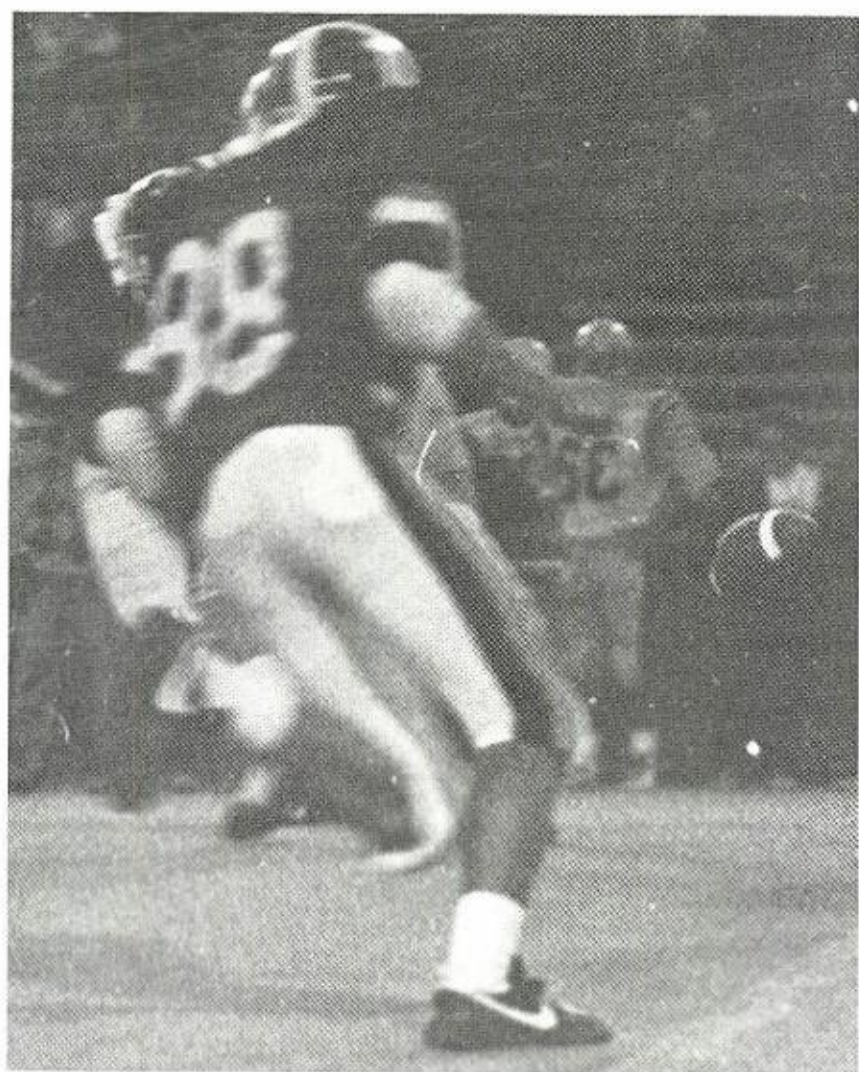

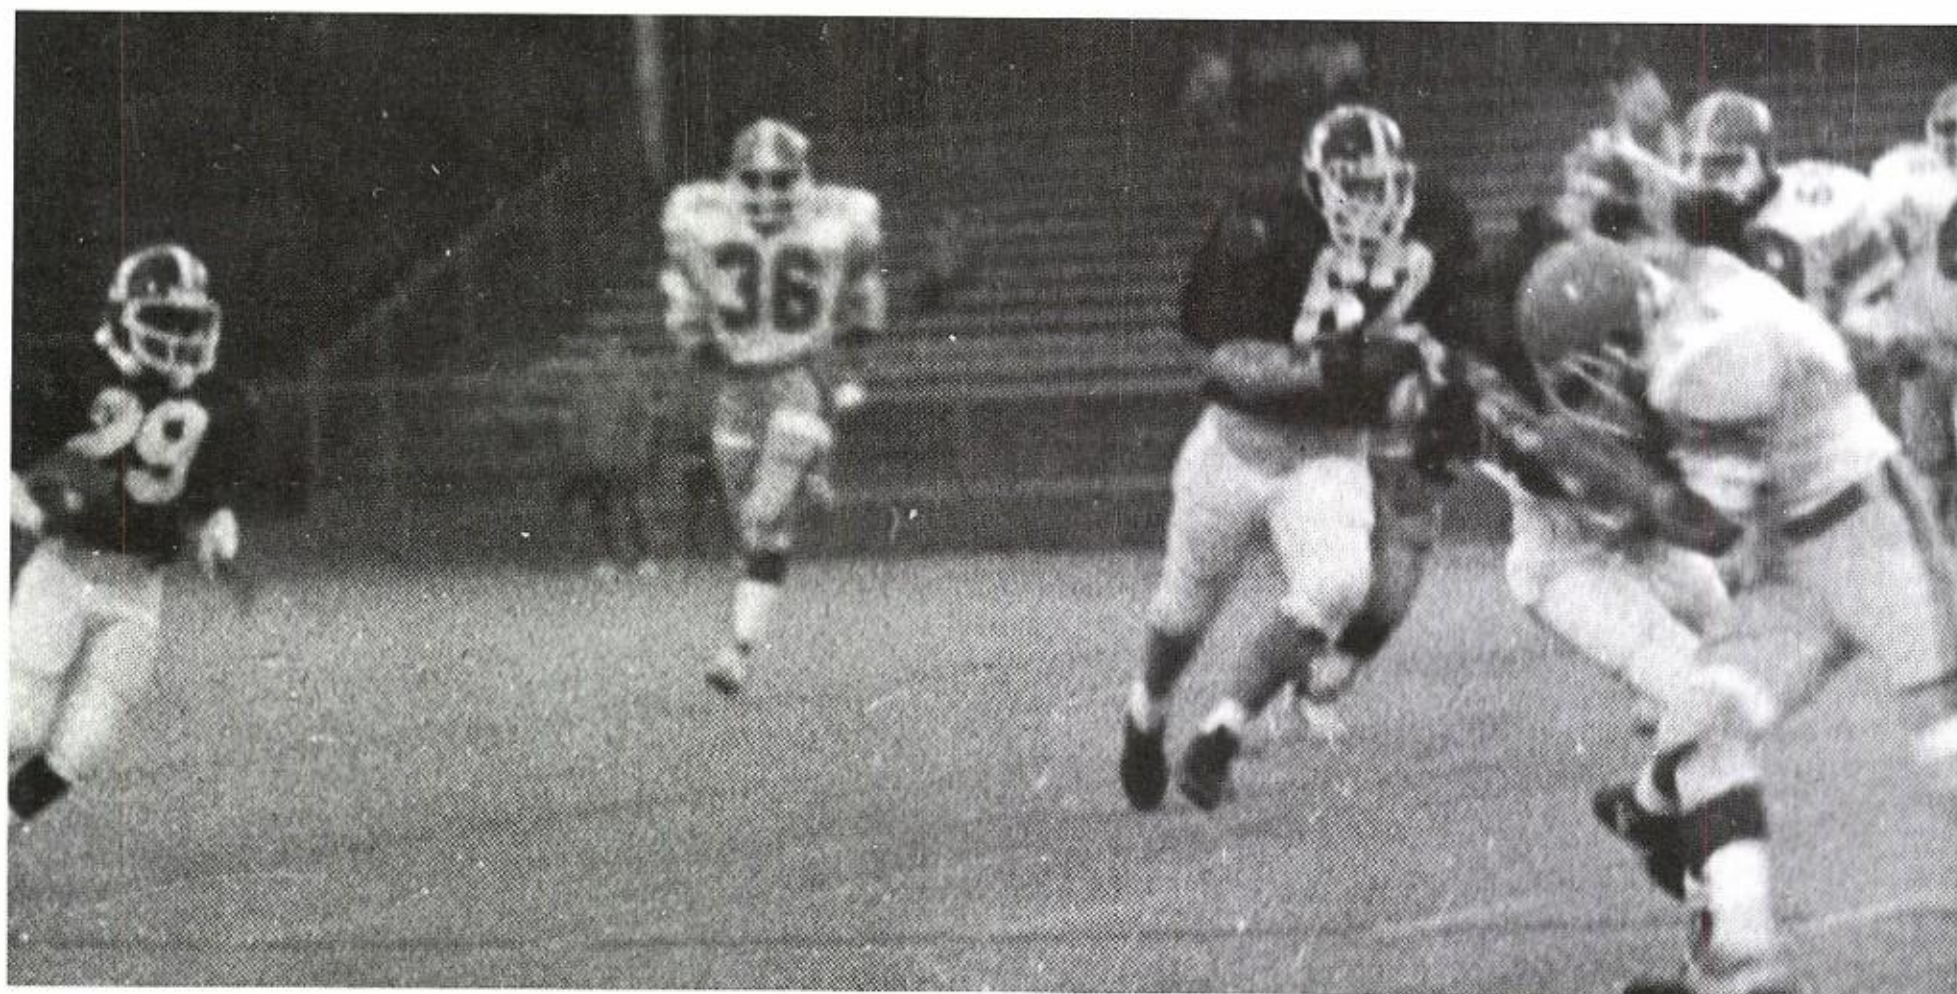

The Vikings were led by senior, All-Stater Terrance Connor, who broke four records and junior linebacker Jeff Pope with 60 tackles.

The Vikings adapted well to their new coach, Ben Pack, and the new platoon system. Maybe they will have a 9-0 season next year.

Jennifer Wilson tries for a full vertical entry to help our gal divers score meet points after several seasons of nothingness.

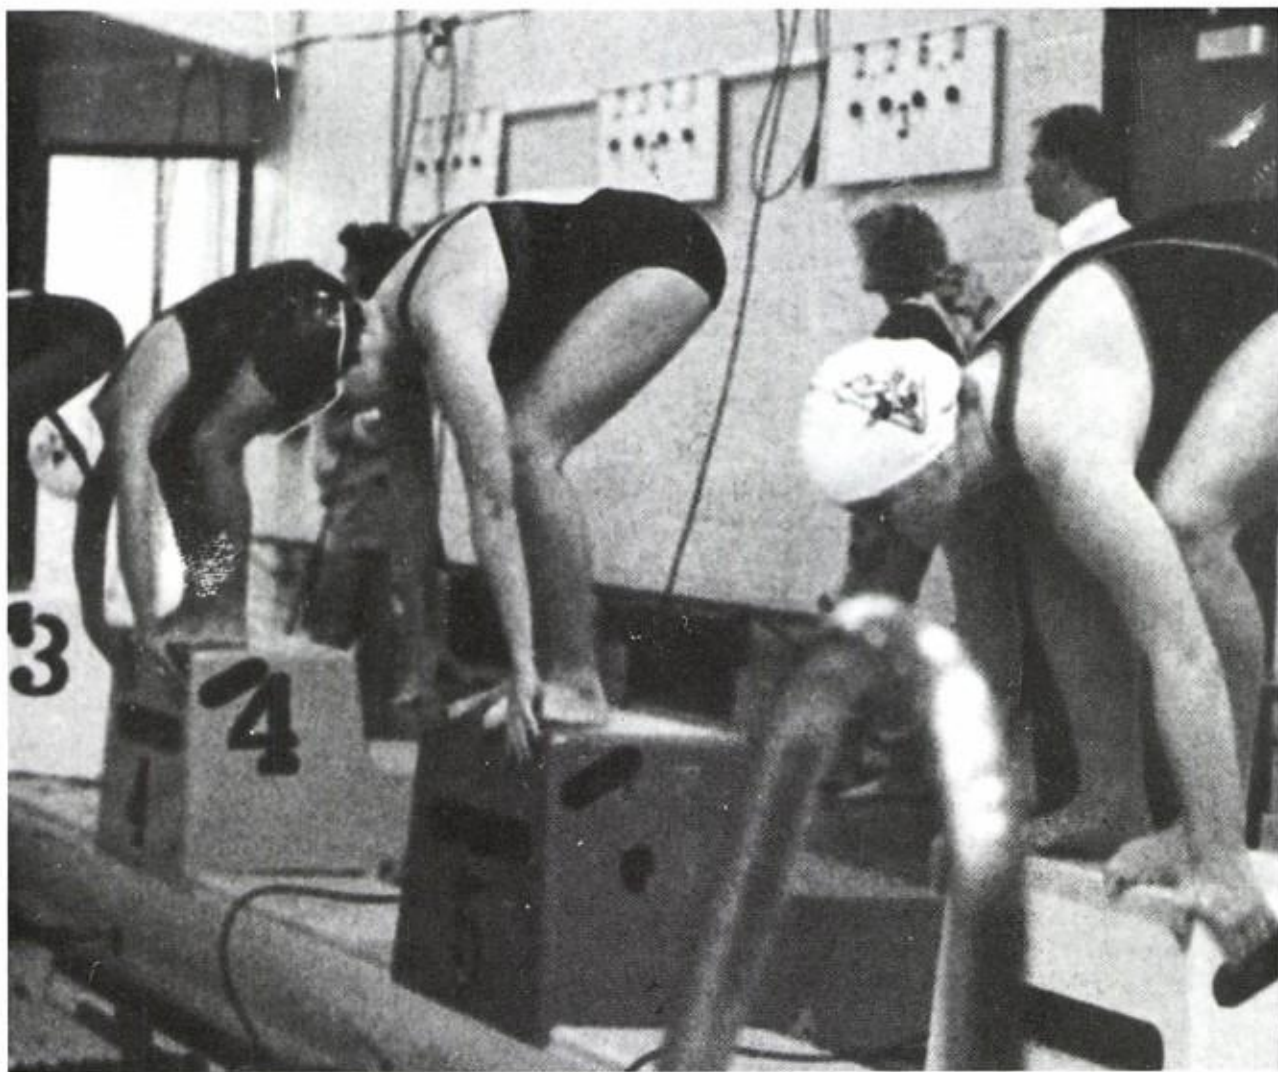

This year's lady swimmers gave their sport a lot of effort and time out that just wasn't enough to come up with a winning season.

The swim team had a lot of sophomores and juniors and even a few freshmen on it so they were a young team and with a few years of experience they should be able to come up with the victories.

The team did show a 300% improvement over last year by winning three meets: over Lansing Everett, Lansing Sexton, and Haslett.

The season was not a loss in the fact that all the swimmers learned how to work as a team and to live up to their potential. These are the kind of things that cannot be taken from a person even if they lose the meet they still come out the winner.

The key to getting a good time in a swim event is getting off the blocks in a competitive starting position, as shown by Val Stover lane #4, and Jenny Fitch in lane #6.

take 2nd in county competition.

Not only are the Cheerleaders teammates, but close friendships develop.

The Jackson High Varsity Cheerleaders end the season successfully First, but taking second place in the county competition, this being the highest place taken in the schools history. The J.V. squad placed second also. Seniors, Vicky Clay and Heather Harding both placed in the individual competition, making the squad even prouder of their accomplishments.

The girls attended U.S.C.A. camp this summer and Clay was chosen as an "All American Cheerleader."

Another "Viking Victory" was at The Westwood Mall Cheerleading Competition where the girls took first place, most original, and most energetic. "It was great knowing that all your hard work paid off," said junior Kristin Fracala. "Our Wipeout routine is what boosted us. Everyone who saw it, loved it and we are very proud of all that we have accomplished this year."

Coached by MaryJo Raczcowski, the girls have really improved. "She doesn't let us slack off," says senior Heather Smoots, "She's a great friend, but when it comes to coaching, she gets the job done. Without her encouragement and persistence we wouldn't have come this far."

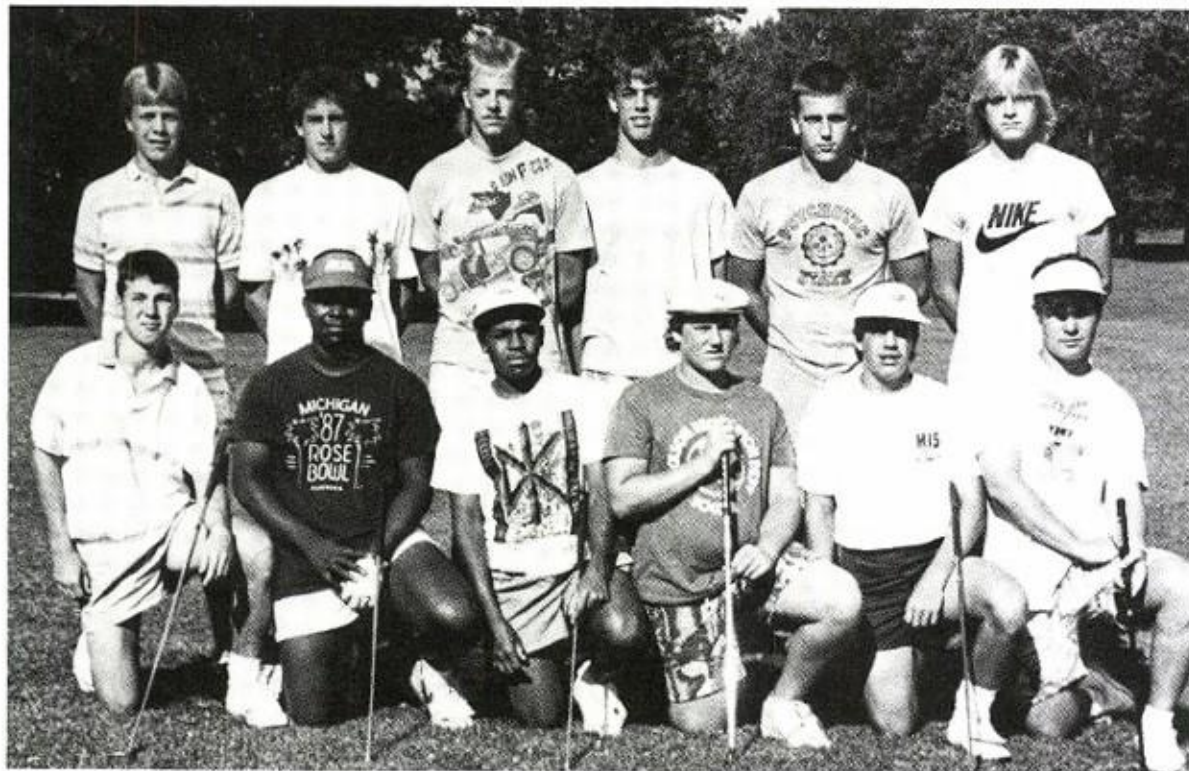

Floor cheers arouse the crowd during basketball season.

Juniors

One year to go! After the class of '88 is gone the class of '89 will take over. But for now they are still underclassmen, being picked on and pushed around by the Seniors. When they become Seniors will they remember this treatment and take pity, or will they uphold the tradition of typical Seniors? Good luck as you move towards your graduation day!

Sometimes there's no accounting for Juniors, just ask Mr. Runkel's sixth hour Accounting class.

Whatever the field of study is, JHS offers it. These classes give the students the opportunity to receive the education needed for the business world and gives us an excellent opportunity to explore new training programs.

Electives and Vocational

Every morning and afternoon about 400 Jackson High students get on a bus headed away from JHS. Maybe you have seen them and wondered where they were going and what they were doing. The Jackson Area Career Center offers a wide variety of Vocational Education and Home Economic classes for our students.

For those who do not go to the Career Center don't feel left out because J-High also offers a wide variety of Home

Economics and Industrial Education classes. JHS offers classes for those who are interested in an independent way of life, have avocational interests, or are industrial minded. All of these classes let students get a taste of what a working life may be like after their high school days.

Why not check them out?

a taste of the future!

In Mrs. Clay's College English class, Twyla Fleming asks Amanda Vaughn in disbelief, "Is she going to make us do that for this assignment?"

The first year German students wear the required hats provided for them by the Advanced student, during Oktoberfest observances and party.

"What am I going to do after I get out of high school?"

That's a question that is all too familiar. Some might go on to college, others may just take it easy for a year or so, while some may be inheriting the family business.

For those going to college, you can get a taste of it right here at Jackson High School.

That's right, during high school you can get prepared for college classes.

"How?" you ask.

"You can take College Preparatory classes," We reply.

Classes available to us include, College English, College World and U.S. History, College Economics, and Accelerated mathematics and sciences.

Yes, they are harder than the general or remedial classes. But if you are planning on going to college after you graduate, it is better to get a taste of how life in college is going to be during your high school years, rather than go out in the real world and lose all control.

So, go ahead and take a College Prep class, it will be better in the long run if you do.

Band: Another Great Year!

Marching Band steps in time to the sounds of Corona at the Homecoming game against Grand Ledge.

The word to remember about the 1987-88 bands is progress. Every performance showed great promise for the future and for the music program at Jackson High.

Mr. Russell Skinkle, the director of the music program, commented that he was "very happy" with the bands' performances, especially with the Marching Band.

The "Pops" concert was a high point in the band's year as Mr. Skinkle said "It was simply the spirit of it." Exchange student Naomi Yakata added an outstanding piano solo to the program at "Viking a Go-Go."

Stephanie Brail and Julie Nelson were the outstanding instrumental soloists of this year. And Mr. Skinkle has great expectations for the Festival performance.

Our Homecoming parade shines with pride.

"Mi-Mi-Mi-Mi!" What's that beautiful sound? Why, it's the Jackson High Choir! How many times have you walked down the hall and heard the wonderful voices singing in preparation for upcoming concerts and competitions? The Euphony choir consists of both male and female vocalists, all having a lot of stamina and talent. This year's choir has done extremely well in proving their abilities. Junior, Kami Grimco stated, "Choir is an exciting experience. I've been singing for 7 years, none of them more enjoyable than these at Jackson High."

Cinderella team surprises all

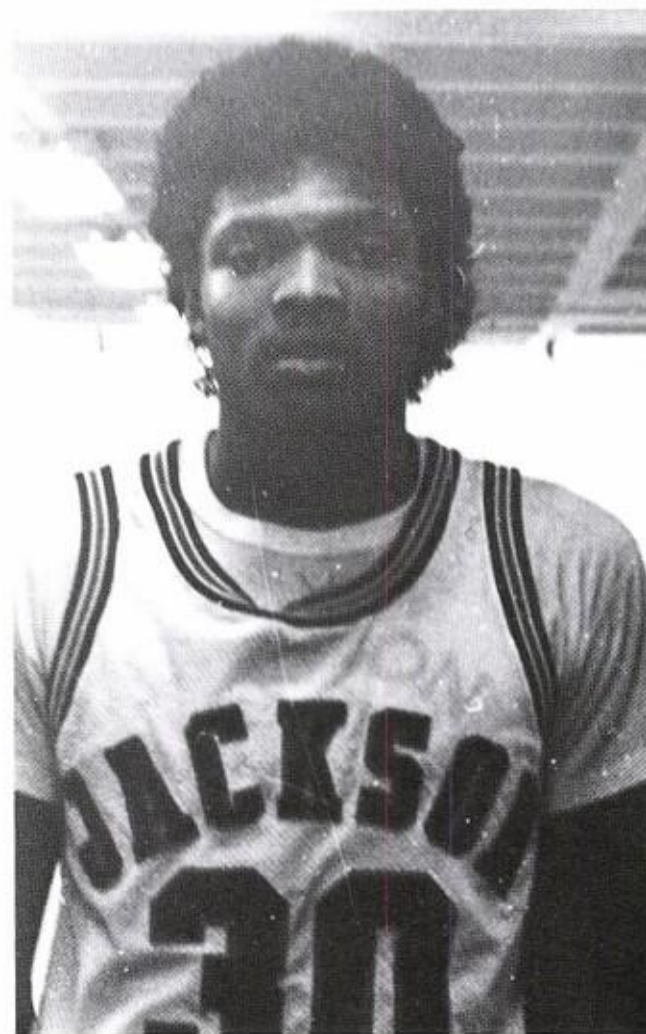

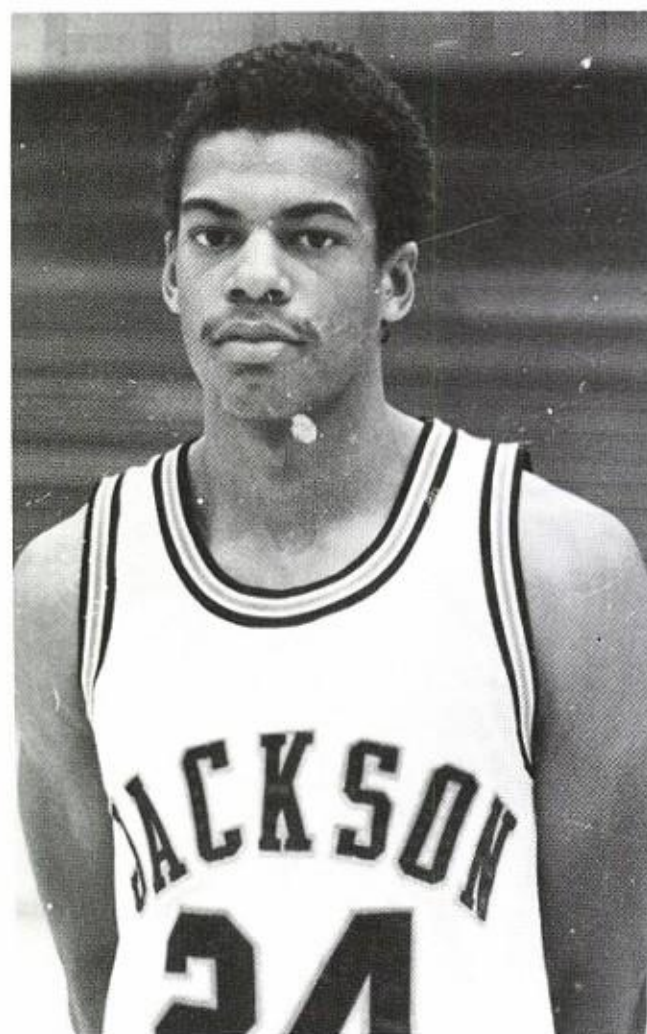

No where else but Jackson High School could you find such spirit. Mr. Andy Sheridan's "worst team ever" brought home the C.A.C. title, the District Championship and the Regional Championship, and our first Semi-Final appearance in 25 years. Not to mention the school record of 22 wins in a season. After winning District Championship the team asked, "How do you like us now?" We don't like them . . . We love them!

1st row: Walter Neuls, Pete Peterson, DaVonne Pierce, Sam Williams, Terrance Conner, and Montego Allen.
Row 2: Coach Andy Sheridan, Kevin Harrell, Ben Patch, Ricky Littlejohn, David Holmes, Rob Tyluki, and Darrell Stinson.

Warm-up drills are a necessity. Junior, DaVonne Pierce spends as much time as he can perfecting the 'hook shot'.

Only the third freshman to play Varsity for JHS, Michael Johnson proved his worth in the tournament.

Junior, Walt Nuels found it easy to practice layups before the District final game.

Junior Darrall Stinson was known for his ability to hit over taller opponents. This time the 'Big Reds' of Lansing Sexton were victims of his shooting.

Christina Herl was one of our neophyte performers. Among other things, she worked out a routine on the uneven bars.

Like previous years, the Gymnastics team felt the results of having no organized Junior High program in gymnastics. This year's squad started out with just six squad members. This small squad managed one win during the season, but was most embarrassed when it fielded just one (1) competitor for the Northwest meet; injury, illness and ineligibility took their toll at this meet. Our brightest hope for the future was Jenny Kempannen, a freshman. She placed first or second in every event entered at the dual meet level.

2 win-9 loss season on the court

Again this season, the JV Volleyball team suffered through a tough losing season. Most of the matches were close, both in winning and losing, but the real crusher was the lopsided defeat at the hands of cross-town rival Lumen Christi. It was a trying season for all of the girls, but they always left the court knowing that they had tried their hardest. Said Sophomore Allison Long, "It was hard work, a lot of fun, and we know our teammates. I look forward to returning next season."

Volleyball can make you bend over backward to accommodate your teammates. Our JVs appear to be in trouble on this point against Waverly.

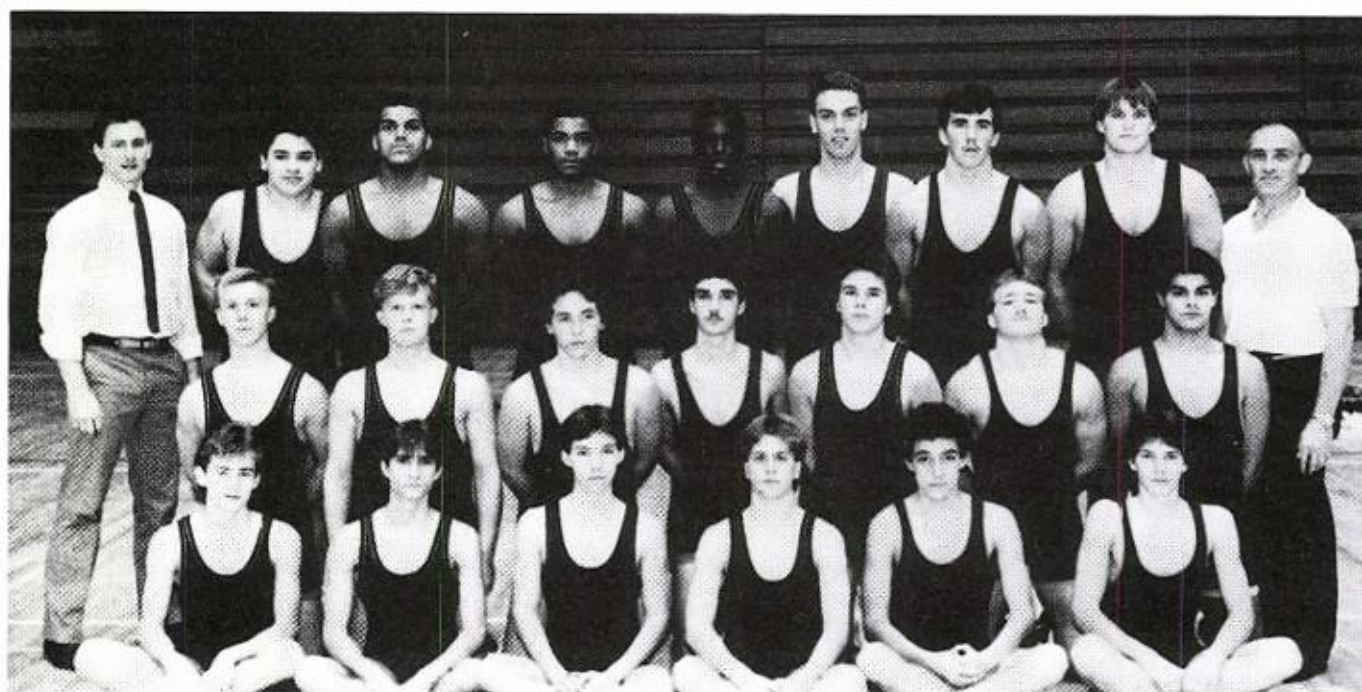

"It's too bad that records don't speak of the hard work expended to produce a competitive team."

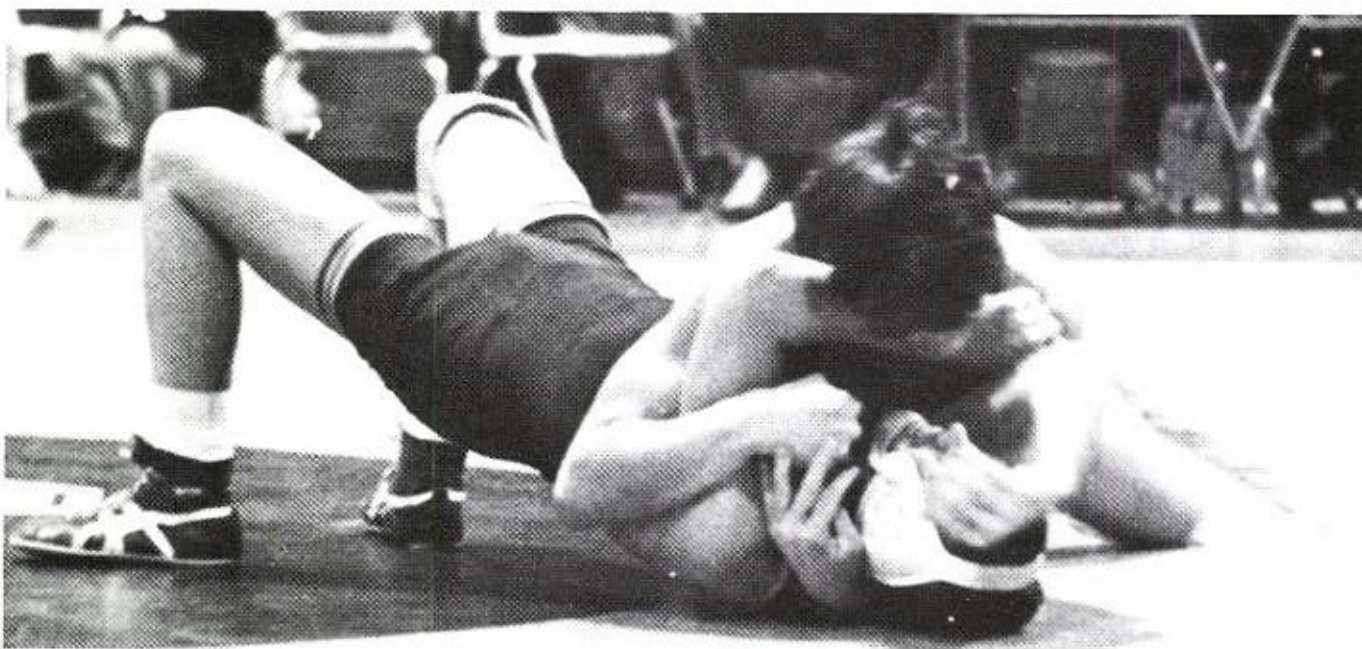

The net official keeps a close eye on the play as our "Lady Spikers" try to reverse the flow of play towards the net.

The Jackson wrestlers may not have had a winning season, but they gave it their all. When you start every meet 18 points behind you have a hard time keeping your spirit up. The end result. Enthusiastic fans to back our teams' athletic games.

In most schools a Spirit Club is a special group of students that take the lead in whipping up enthusiasm for the home team in any contest. That is true here at Jackson High also.

Members could be found almost any night of the week down at the end of the first floor on their hands and knees preparing banners and posters for some upcoming event. Not all of these posters and signs went to the event, as they were also found throughout the halls of JHS.

A core of at least two students from each Home Room selected Jon Fillmore and Ellen Lapinski to lead them.

Seniors

We are finally the upperclassmen! We can remember being in the position of a "Rookie" and climbing the ladder year by year, but we finally made it to the top! However, near the end of our Junior year we had to start worrying about credit requirements so we could graduate with our classmates.

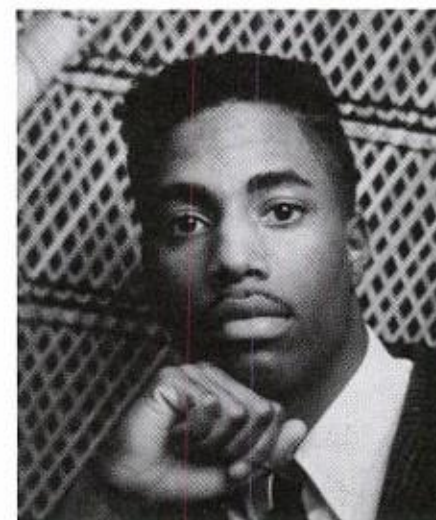

The time has come when we Seniors bid a farewell to JHS. There have been good and bad times in our school days, but for the most part our high school days have been an enjoyable time in our lives. We look back over the past three years but also ahead to entering what is known as the "Real World."

Talent Show or Air Band Dance

JHS students have a lot of talent, some serious, some pop, and some just downright fun. What ever the talent, it comes on display during the annual Talent Show or during the several Air Band Dances. This year's top talent winner was Jenny Tejada, whose stirring vocal performance earned her a 2-year scholarship of JCC. Twyla Fleming placed second and Kim Bourdeaux was third. Over at the Air Band Dances, the real winners were the students who attended. No medals or money, but lots of fun.

Above right: "Sugar and Spice" came on strong with Salt-n-Pepa's hit, "Push it."

Across the bottom: Heather Harding and "The Greatest Love of All"; then Jenny Tejada's prize-winning rendition of "The Rose"; and finally Frank Harrison and a dramatic reading.

Student Life . . .

Involved with the Building and Campus Committee, Dan Wert makes no claims to fame as "the neatest Viking painter."

JHS students spend their spare time in various ways. Some join committees, some do homework, some go to work for Co-Op, and some just plain "hang out." Both inside and outside of school, student life is found in many forms.

Junior, Laurie Snell, takes time out of her studies to catch up on the latest news.

1987-88: All the news that "Fitz"!

Editor, Gail Gibson checks edited copy with Mrs. Fitzgerald before the madness called "production night" gets started.

"All the news that 'Fitz'." With apologies to the **New York Times**, JHS welcomed a new advisor to the **Reflector News**, Mrs. Pam Fitzgerald. New to both the R'News and JHS faculty, Mrs. Fitzgerald is a graduate of JHS and Spring Arbor College. The **Reflector News** is issued to the students and faculty on an approximate 3-week publication cycle, somewhat facetiously referred to as the "Try-Weakly." Despite the jealous slurs, the R'News keeps purring along and winning more than its share of State and National awards. They give thorough coverage to all school happenings, contests and visitors. Even if we aren't there, the chances are that a photographer or reporter from the R'News will be. Reporting, photographing, interpreting events and policies of the school, all are "grist" for its complete coverage of JHS.

Getting ready for the printer, David Orlowski sets copy on the paste-up.

Left: Heather Harding, Erik Berstrom and Gail Gibson discuss a page layout problem before going to the final paste-up.
Below: Dehan Davis waits for Gail Gibson to finish her editorial before she edits his story.

We came, we saw, we recorded

This year's Staff: Laurie Melville, Heather Smoots, Barbara Shutler, Rikki Cook and Brett Harness in front, and Michael Murray, Kristin Fracala, Darcey Holdt, Kelli Mapes and Angeline Robinson in back.

Starting with an "overwhelming" response to the opening sales campaign (375 students out of a senior class of 500 in a school with an enrollment of over 1500 bought books) disaster, the undersized staff of ten struggled through the year to record the history of the 87-88 school year. But organization and persistence prevailed and pictures were taken, sometimes re-taken, copy was written, and the two put together in the Quad-Pak for shipment to the printer. The hardest part of the whole production year was keeping our mind on finishing the book while our underrated basketball team was advancing through the brackets in the State Tournament.

Cindy Anderson is deeply involved with one of the most hated, yet most necessary, chores: completing the indexing cards.

Mr. Edward Prah, advisor, seems to agree with Barb Shutler, editor, about a layout/cropping decision for a "breaker" picture, but Brett Harness isn't too sure about it.

Guess what an Editor remembers?

"Ask your editor!"
The ad assemblies and my two line speech.
The first deadline! (We met it!)
The pizza after the deadline was met.
"Boing! — Boom Chuc!"
The days after school.
"Ya Hick!"
The long days in the darkroom.
Signing for a pen from Mr. Prah!
The candy bars Mr. Prah! gave us.
"I need a headline!"
"We don't HAVE a picture of him!"
"Where are my pictures?"
"What is a caption for this picture?"
Deadline? What deadline?
Oh! That deadline!
"It's gotta be there, it was there earlier!"
"I can't believe him!"
"That picture can not go there!"
"Will you type this for me?"
The group of people at the end of the hall so everyone was
late to class.
The meetings to get the deadlines met.
"That copy is trapped!"
"I don't want to see another picture in my life!"
The Final deadline!

She remembers . . .

A Special Note:

I just want to thank all of you who have made this year so much "fun": Cindy Anderson, Rich Arnold, Rikki Cook, Kristin Fracala, Darcey Holdt, Kelli Mapes, Laurie Melville, Mike Murray, Angie Robinson, Heather Smoots, Scott Park, Bret Harness, Mr. Edward Prah!, Mr. Robert DuBois, and Mr. Lee Zimmerman our Taylor Representative. Thank you. I will remember this for the rest of my life.

A Special Note
